OTHER MATTERS.

Mr.Snelling reported that, after obtaining permission from the President, he had purchased an antique washstand from Mrs.H.Cozens of Collaray at a cost of $50-00. H.Westbrook had restored it and it had been placed in the Main Bedroom. He had also inspected an original Wentworth oak sideboard (bought by her father J.P.Meredith from the sale of Wentworth's furniture in Feb.1900), which Mrs.Barr of Wahroonga wished to donate to the House. The Trustees decided to accept the sideboard and it was suggested that it be placed in the Guest Dining Room.

The President reported that:

(i) He had written to Mr.W.C.Wentworth congratulating him on his appointment to the Ministry and to Miss E.Crowley for her donation of a hat and bonnet for the Period Costume Room.

Mr,Crouch, when asked whether the Woollahra Municipal Council wpuld consider a donation to Vaucluse House in the next estimates, reported that it was a rule of the Council that donations are never granted to fully sponsored Government bodies.

CHAIRMAN.....HON.SEC'TARY.T.Schneider.....

FINANCE.

(1) Statement showing financial position of the Trust as at close of business on 30/4/68 was discussed and noted.

(11) On the motion of Mr.Barrett, seconded by Mr.Kelly, accounts paid since April meeting to the value of $2127-80 on Recoupment No.10 were confirmed.

OTHER MATTERS.

Mr.Snelling reported to the meeting that, during his stay in America, he had visited some of the old historical homes and at "My Old Kentucky Home" parties of visitors were conducted by a University student. He considered that this procedure might be adopted at Vaucluse House. The matter was left in the hands of Mr.Yelland for consideration on his return from overseas

The damp-proofing of main corridor and Gilberthorpe's Room was discussed. As mentioned in the Secretary's Report, Mr.Irons's representative was of the opinion that this would be very costly and would mean that the walls would have to be left stripped for approximately six months. As this was impracticable, now that the House had been restored, Mr.Parkes offered to go into the matter and see if a more simple type of damp-proofing were available.

The increase in Painters' Award would bring H.Westbrook 's wage to $55-22. This was approved, to be paid upon gazettal, retrospective from the first full-pay period in May. Other variations for gardeners,etc.would follow on this increase. The rates for head gardener, F.Thompson, and for J.Kearney were set at $57-00 and $51-00 respectively.

As present allocation permitted the purchase of a tractor-mower for the outer parks, the President arranged with the National Parks and Wildlife Service to purchase a Verge Rotary Mower from Deveson Jahn at a cost of $1012-00 less 5%, net total $961-40.

Tree surgery and the painting of fences surrounding Vaucluse Park and Vaucluse Bay were in progress.This would be met with funds from the present allocation.

Mr.Yelland applied for leave of absence for two months during his tour of duty overseas and the President on behalf of the Trustees wished Mr.Yelland a safe and pleasant journey.

THER MATTERS.

The President reported that:-

(i) Mr.Dysart, accompanied by landscape architect Mr.Bruce McKenzie, had presented a plan for a house to be built by Mr.Barton on land adjacent to Trust's property at Vaucluse Bay, and had requested that the landscaping "flow" into the parklands. The President informed them that there would have yo be a low stone wall, at least, to serve as a dividing line between the respective properties, and it was agreed that Mr.Dysart submit in writing the proposed plan for the garden.

(ii) S.B.P.Films had requested the use of portion of lawns in front of House and certain rooms of the House itself to shoot a sequence of a film entitled "Return of the Boomerang". After discussing the matter with their Mr.Broidy, it was decided that the company put in writing exactly what they required and how much they were prepared to donate.

(iii) Mr.Lipscombe, accompanied by Mr.Snelling,had visited the House and whilst there had identified the sideboard presented by Mrs.Barr of Wahroonga as an original Wentworth piece. He was of the opinion that the sideboard was of the 1890 circa. As the sideboard therefore was not contemporaneous with the Wentworth period, it was agreed that, for the time being, it be placed in the coach-house quarters.

(iv) He and Mr.Barrett had visited "Springhill" Richmond, prior to the auction sale at this home but they did not regard any of the articles suitable for Vaucluse House.

Mr.Yelland reported that he had authorised the removal of modern lighting at foot of main stairway. A suitable lamp would be procured when available. H.Westbrook had wired and restored brass candelabra in Family Dining Room and removed the flood-light from doorway of this room, thus giving the room a more natural atmosphere.

Mr.Venour Nathan of Olola Avenue,Vaucluse, sent to the Trust a drawing of a possum house, with the request that it be erected at the back of gardeners' quarters. It was decided to thank Mr.Nathan and to inform him that the matter would be given consideration in due course.

(i) The original Wentworth bronze candlesticks had beencleaned, repaired and placed in Family Dining Room.

(ii) Mr.Dysart, architect, had presented plans of the proposed landscaping of Mr.Barton's home to be built adjacent to Trust's property in Vaucluse Bay Reserve. After discussion, it was resolved that the plan be agreed to in principle, that Mr.Dysart be informed that the scheme was to be carried out in conjunction with Mr.Bruce McKenzie and Trust's honorary landscape architect, Mr.Watson of the Botanic Gardens, and that all expenses be borne by Mr.Barton.

CORRESPONDENCE.

As the coaches were deteriorating, presumably because they had been left closed in order to keep them free of dust, it was agreed that they be left open and dusted each week.

Because some teachers escorted groups of children on many occasions it was agreed that, in future, teachers be not charged admission to the House.

Mr.Yelland reported that:

Mrs. T.E.Schmude (Secretary)

Messrs.C.Parkes and H.A.Snelling (Counsellors) were also present.

MINUTES. Minutes of previous meeting were confirmed and signed

MATTERS ARISING FROM MINUTES. The President reported that:-

(i) As directed at the last meeting, the Secretary communicated with the National Parks and Wildlife Service regarding the balance of Thompson's wage being supplemented by the Trust while Thompson was on Workers' Compensation. The National Parks Service had informed the Secretary that the normal custom was to pay the employee, unless the injury was of prolonged duration, in which case the matter would have to be considered on its merits. He understood that Thompson's injury was not responding to treatment and that a specialist in consultation with the local doctor, explored the advisability of more skin grafts which would inevitably entail Thompson's absence from work from six to twelve months. After discussion, it was agreed that the re-arrangement of the staff and occupancy of head-gardener's cottage be left to the President and Vice-President.

(ii) Mr.Irons of the Normic Damp Proofing Co.had checked the walls of Gilberthorpe's Room again and advised that, if no heavy rain fell during the week following his inspection, the walls might be re-plastered. However, as there had been heavy rain during the past week, it was deemed advisable to have Irons check the wall again before the plasterer was notified.

CORRESPONDENCE. Letters were received from the following:-

(i) Normic Damp Proofing Co.reporting on progress of Gilberthorpe's Room.

(ii) Mr.J.G.D.Paul,Baltimore,U.S.A.,acknowledging receipt of photos of W.C.Wentworth's family portraits and informing the Trust that the portrait of Martha Wentworth had been handed over to the Australian Ambassador for transit to Vaucluse House.

(iii) Hon.W.C.Wentworth, enclosing a letter from Mr.G.Freeth, Minister for External Affairs, in reference to portrait from Mr.J.G.D.Paul.

GENERAL BUSINESS. On the motion of Mr.Yelland,seconded by Mr.Barrett, it was agreed that a Rover Rotary Mower be purchased at a cost of $106-87 Government contract price.

CHAIRMAN.....SECRETARY.....

OTHER MATTERS.

Dr.Parkes reported that the re-plastering was nearing completion in coachhouse rooms, the electricians had done the re-wiring and would complete the electrical fittings after painting was finished.

Mr.Snelling reported that he considered it would be of great interest to have one of the rooms under preparation in coachhouse set up with details of the crossing of the Blue Mountains which would be of particular interest to groups of school children. With this in mind, he had requested Miss Mourot of the Public Library to visit the House and had explained to her his views of the matter. Miss Mourot promised to obtain any information available in the Library and, when her researches were completed, would forward them to the Trust for consideration.

A quotation of £112 sterling each for three lanterns to be hung in main corridor was received from Messrs.David Paton of London. As this price was considered rather high for reproductions, it was left to Mr.Walker to obtain a quotation for reproductions from a Sydney firm which had done this type of work for the National Trust.

A report by Mr.Connors of the Department of Public Works on paint work on verandah roof was read. It was agreed that Dr.Parkes investigate the matter and make whatever arrangements he deemed fit.

A letter of complaint from Mrs.E.Phipps about the riding of bicycles in the outer park of Vaucluse House was reported to the meeting. It was resolved that Mr.Miller draft a reply to Mrs.Phipps informing her that it was a breach of the by-laws to ride bicycles in the parks and advising her that her sons be notified to this effect.

Mr.Walker reported on the iron gates and railings that he was trying to procure for the House. The Secretary was instructed to get in touch with Mr.Bruce Loder of the National Parks Service requesting him to inspect the area at Vaucluse House where it was proposed to put the gates and railing and check its suitability.

On the motion of Mr.Miller, seconded by Mr.Crouch, it was resolved to purchase a heater for the Board Room. The President was asked to select the type most suitable.

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE.

(i) Statement showing financial position of the Trust as at close of business on 31/5/69 was discussed and noted.

(ii) On the motion of Mr.Yelland,seconded by Mr.Kelly, accounts paid since May meeting to the value of $2958-22 and $1204-89 as shown on Recoupment Nos.19 and 20 were confirmed.

(ii) Two duelling pistols had been stolen during the month from one of the cases in the upper corridor. (ii) Government Insurance Office informing Trust that they had accepted liability for pedicle grafting to the ulcerated areas of Fred Thompson's left leg. The Secretary reported that Thompson had been re-admitted to St.Ives Hospital, North Sydney, last week.

(iii) Mrs.J.Rhodes,Hurstville, congratulating Trustees on the restoration of Vaucluse House.

CHAIRMAN.....PRESIDENT.....

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE.

(i) Statement showing financial position of the Trust as at close of business on 31/8/69 was discussed and noted.

(ii) On the motion of Mr.Yelland, seconded by Mr.Kelly, accounts paid since August meeting to the value of $1511-67 and $1213-71 as shown on Recoupment Summaries 4 and 5, were confirmed.

OTHER MATTERS.

It was resolved that Gilberthorpe's Room be converted to a servant's bedroom and that the Trust's painter be instructed to paint walls and ceiling in a flat off-white. Mr.Snelling would get in touch with Mr.Lipscombe in regard to furnishing the room, as to type of bed,etc.that would have been used in the Wentworth period.

The Secretary was directed to contact the National Parks Service in reference to the supply of pamphlets on Vaucluse House by the Service to the Government Tourist Bureau. It was understood that the Service is having some pamphlets published for free distribution.

The President reported that Mr.D.L.Don had refused to pay the medical expenses incurred by Mr.Ranger Kennedy when bitten by Mr Don's dog. The meeting agreed that the account be sent to the Government Insurance Office explaining the position and that, in future, if any employee is bitten by a dog the matter be handled direct by the Government Insurance Office.

It was resolved that the road behind coachhouse be sealed with red bitumen and the area adjacent to Stables be flagged with perhaps an edging of cobblestones,allowing a few spaces for shrubs. A quotation for flagging was to be obtained. Mr.Lusher suggested that the Church of England Trustees may be able to supply some information regarding the cobblestones that are being removed from the old St.Phillips Church.

As much time and expense was given to repairing locks of public toilets, the toilets be left unlocked and a report made in three month's time as to their condition.

On the motion of Mr.Crouch, seconded by Mr.Kelly, it was agreed that in view of the amount of office work involved under the new system, a second typewriter be purchased through Government Stores.

Mr.Yelland reported that Mr.B.Travis of the Audio-Visual Centre of the Department of Education had visited the House in regard to the installation of a public address system in the coachhouse quarters now being converted into display rooms and an assembly hall, and had made certain proposals, which Mr.Yelland outlined. It was decided that,at this juncture, the system be confined to the assembly hall only and that Mr,Travis be requested to arrange a convenient time for him and some of the Trustees to meet at the House and hear the recording.

CHAIRMAN.....SECRETARY.....

OTHER MATTERS.

Due to the fact that 115,000 persons visited the House during 1968/69 and that the pistols had been stolen, it was agreed that a full time attendant be employed both on weekdays and at weekends. The Secretary was directed to write to the Director requesting his permission to employ such an attendant.

The report by Dr.C.Parkes on the condition of the retaining wall at Vaucluse Bay and the subsequent letter from the Department of Public Works following Dr.Parkes' suggestions, was read. It was decided that, as the wall was erected by the Department of the Navy during the last war solely to contain the soil required to construct an approach to the jetty, and that such jetty had been removed by the Navy a few years ago, the wall served no purpose and that it could be demolished without fear of damage to the foreshore. It was resolved the wall be removed, the Secretary to procure from the C.B.C.Co. a quotation for such removal.

MEETING CLOSED.

The meeting closed at 10.45 a.m.

Mrs. T.E.Schmude (Secretary)

Mr.H.A.Snelling (Counsellor) also was present.

APOLOGIES. Apologies were received from Messrs.H.L.Yelland, G.J.Crouch, R.N.Walker and C.Parkes.

Before the meeting commenced the President welcomed Inspector H.T.Pierce, who had been appointed by the Commissioner of Police in place of Assistant-Commissioner F.J.Hanson.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. The President reported that he had received a personal letter from Mr.R.N.Walker tendering his resignation from the Trust. He did not consider he should occupy the position when he had such little time to devote to it. He also stated that he was informing the Minister of his resignation.

CORRESPONDENCE. Letters were received from the following:

(i) Commissioner of Police, informing Trust that he had nominated Inspector H.T.Pierce to replace Assistant Commissioner Hanson.

(ii) Mr.R.Caldwell, Secretary Junior Group of the National Trust of Australia, requesting permission to hold a wine party after visiting the House on Sunday, 24th.May.,1970. Permission was not granted .

(iii) Report from Mr.D.Campbell, Landscape/Horticultural Planner ,National Parks Service, in regard to treatment of lawns. It was approved that the method of treatment be carried out in August and that the sum of $350 be accepted to have the lawns scarified.

(iv) Principal Librarian, Mitchell Library,informing Trust that the Library would be pleased to replace on loan those paintings recalled by the Art Gallery and suggesting that the Trust examine the paintings with the Associate Mitchell Librarian, Miss S.Mourot. It was resolved that the matter be left in the hands of Mr.Yelland.

SECRETARY REPORT. The Secretary's Report was received and discussed.

FINANCE. (i) Statement showing financial position of the Trust as at close of business on 28/2/70 was discussed and noted.

CHAIRMAN?.....SECRETARY.....

FINANCE.

(ii) On the motion of Mr.Lusher, seconded by Mr.Kelly, accounts paid since February meeting to the value of ~~$448-08~~ $1180-08, $1066-99, $1204-51 and $1924-76, as shown on Recoupment Nos.18,19,20 and 21 were confirmed.

OTHER MATTERS.

It was resolved that the quotation from Wormald Brothers for seven fire extinguishers to be installed at Nielsen Park be accepted at a cost of $166-53 (cost under Government contract) and that the Secretary inform the Kiosk proprietor, Mr.W.G.Stratton, that two extinguishers at a cost of $50-42 could be installed in his kiosk if he so wished.

The President reported that the sub-committee had examined the question of advertising as requested at the last meeting and had recommended that a weekly advertisement be inserted in "Sydney Tourist Guide" at a cost of $312 per annum and a double column each alternate Friday in the Sun and Mirror respectively at a cost of $842-40- making a total of $1154-40 for the year. On the motion of Mr.Miller, seconded by Mr.Kelly, it was agreed that these quotations be accepted and the text of the advertisements be left to Mr.Yelland.

On the night of 12th.March, during a function held by the National Parks Foundation to inaugurate the Fund, two Persian Rugs were stolen, one from the Reception Room and the other from the Girls' Bedroom. The theft was not discovered until the House was opened next morning. The Secretary immediately notified the Government Insurance Office, Vaucluse Police and the National Parks Foundation.

The question of lack of gardening staff was ~~discus~~ discussed. At the present time, the Trust had only three gardeners instead of six and the garden and outer parks were showing results of lack of attention. The Secretary informed the meeting that three advertisements had been put in the Herald and two in the local paper without results. It was resolved that:-

(i) An advertisement be placed each week in the various local papers in the Eastern Suburbs and

(ii) that the Secretary enquire from both the Woollahra Municipal Council and the Botanic Gardens the current rate of pay for their gardener-labourers. It seemed that the present rate being paid to the Trust's garden-labourers, $43-10, was certainly no incentive to applicants. Until the matter is discussed again at the next meeting, it was resolved that the wage of two labourers at Nielsen Park be increased from $43-10 to $45-25.

The condition of the Pavilions at Nielsen Park was discussed and it was agreed that Dr.Parkes be requested to make an inspection of these pavilions and report to the Trustees.

The five year developmental plan was agreed to and the Secretary was directed to obtain from Dr.Parkes an approximate cost of the various

OTHER MATTERS.

works and then submit the plan to the National Parks Service as requested by them.

Before closing the meeting the President informed the Trustees that Mr.H.L.Yelland had been appointed to the Opera Trust and the Trustees wished the President to convey to Mr.Yelland their sincere congratulations.

MEETING CLOSED.

The meeting closed at 11 a/m.

Woollahra Municipal Council rate is $51-10. As it is impossible to procure these employees at the rate of pay now being paid by the Trust,$45-25, it was agreed that the President discuss the matter with the Director, suggesting that the current Trust rate be increased to $51-10, so as to render it competitive with the Council rate.

VAUCLUSE HOUSE HISTORIC SITE

Minutes of Meeting held at Vaucluse House on Sunday, 17th.May,1970 at 9 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
H.L.Yelland,
J.A.Kelly,
E.S.Miller,
H.T.Pierce,
Mrs. T.E.Schmude (Secretary)

Mr.C.Parkes (Counsellor) was also present.

APOLOGIES. Apologies were received from Messrs.P.Lusher, G.Crouch and H.A.Snelling.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. Mr.Yelland reported that, acting upon the resolution at the last meeting regarding the Booklets of Vaucluse House, he had drafted a letter for the Secretary, informing the Director that the Trustees were disappointed with the guide-book and requesting that a proof for comment and any necessary correction be supplied to the Trust for future editions .

GENERAL BUSINESS. The President reported that Mr.Yelland had inspected some cobblestones at a cost of $4 per sq.yard, which would be most suitable for stable yard. Ob the motion of Mr.Miller, seconded by Mr.Kelly, it was agreed that 200 sq.yards be purchased, as the cost would be far less than that for the flagstones already quoted for by the C.B.C.Co.

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE. (i) Statement showing financial position of the Trust as at close of business on 30/4/70 was discussed and noted.

(ii) On the motion of Mr.Yelland, seconded by Mr.Pierce, accounts paid since April meeting to the value of $2073-98, $1666-96 and $2842-32, as shown on Recoupment Nos.25, 26 and 27, were confirmed.

OTHER MATTERS. Mr.Yelland reported that a Georgian Sideboard had been purchased at a cost of $350 for the Guest Dining Room and that he considered that the sideboard, at present in this room, be loaned in perpetuity to the restored Government House at Parramatta, where it is purported to have belonged originally. The purchase of sideboard was ratified with one dissentient and the question of disposal of Parramatta sideboard was deferred.

On the motion of Mr.Kelly, seconded by Mr.Pierce, the selection by Messrs.Yelland and Miller of paintings to be loaned by the Public Library was approved. As the insurance cost would be approximately $400 per annum, Mr.Miller suggested that he discuss the matter with the Manager of the Government Insurance . Mr.Yelland reported that the Public Library had requested that we inform them of the extent of our security in regard to the pictures on loan from them. It was resolved that before replying to the letter from the Public Library, Inspector Pierce investigate the matter with the Police Department to check whether the Trust's security was sufficient.

CHAIRMAN.....SECRETARY.....

GENERAL MATTERS. The question of retaining the Halbert Pavilion as a store room and work area for the nets during the winter months was discussed and it was agreed that only Nos.1 and 2 Pavilions be demolished and the Halbert Pavilion retained.

Mr.Parkes reported that the guttering on Kiosk and Ranger's Cottage at Nielsen Park was in urgent need of renewal and the approximate cost would be in the vicinity of $1,000. On the motion of Mr.Yelland, seconded by Mr.Kelly, this work was agreed to.

The President reported that :

(i) Mrs.A.Weekes , great grandaughter of W.C.Wentworth, had loaned to the House for the period of her six month's sojourn abroad, several original Wentworth pieces. These had been placed in a cabinet in the Drawing Room.

(ii) During his trip to Tasmania and Victoria, he had visited several historic places and met with cordial receptions. He had bought various antique pieces in both States for the larder and dairy to the value of $218-30. On the motion of Mr.Miller, seconded by Mr.Kelly, confirmation of these purchases was approved.

J.A.Kelly,
P.Lusher,
G.J.Crouch,
H.T.Pierce,
Mrs.T.E.Schmude (Secretary)

Mr.H.A.Snelling (Counsellor) was also present.

APOLOGY. An apology was received from Dr.C.Parkes.

MINUTES. Minutes of the last meeting were adopted subject to an amendment as follows:-

> Mr.Trustee Miller asked that the fact and grounds of his dissent to the motion for approval of the purchase of the Georgian sideboard be noted.
> The grounds were:
> The Trustees had previously decided that the question of what action, if any, should be taken with respect to the mahogany sideboard in the Guest Dining Room should be deferred for further consideration. There have not been as yet any further consideration of the question by the Trustees. The purchase of the Georgian sideboard ought not to have been made therefore without the prior approval of the Trustees.

MATTERS ARISING FROM MINUTES. Mr.Miller reported that he had been in touch with the Government Insurance Office in regard to the extra premium to be paid if the Trust received more paintings from the Public Library. VAUCLUSE HOUSE HISTORIC SITE

Minutes of Meeting held at Vaucluse House on Sunday, 19th.July,1970 at 9.30 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
H.L.Yelland,
E.S.Miller,
P.Lusher,
H.T.Pierce,
Mrs. T.E.Schmude (Secretary)

Mr.H.A.Snelling (Counsellor) was also present.

APOLOGIES. Apologies were received from Messrs.J.A.Kelly, G.J.Crouch and C.Parkes.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. Mr.Miller reported that, as requested at the last meeting, he had

(i) Written to Dr.McMichael regarding Trust's insurances. He had asked his views of insurance rates charged by Government Insurance Office on paintings loaned to Trust by the Public Library, particularly as to whether Government policy had formulated such charges and, if not, whether it ought to be sought with a view to avoiding the necessity of insurance altogether; or alternatively, whether some system of insurance providing in favour of Trustees of property of public importance be adequately covered at a rate lower than 1.5 per centum as at present.

(ii) He had been in touch with Mr.Hedlam of Lloyds Insurance requesting that he send a representative to Vaucluse House to inspect the House and contents with a view to furnishing the cost of insurance premium, so that these might be compared with the Government Insurance rates.

The President reported that he and Mr.Miller had received a deputation of seven residents in connection with the extra tree planting in Vaucluse Bay Reserve. The feeling of the residents was that, as the trees would obscure their harbour views entirely, cause excessive shade and bring erosion in its train, they should all be removed. After discussing the matter at some length, it was agreed that the President and Mr.Miller interview Mr.Barton, who had had the trees planted at his own expense but with the consent of the Trust, to see if some mutual agreement could be reached, and to report back at the next meeting.

Mr.Yelland reported that he had made enquiries of the legal division of the Public Service Board about the transfer of Trust's staff from Ministerial Staff to Public Servants and had been informed that, there was doubt as to whether the Trust could legally do this. He mentioned that the Kurnell Trust had transferred their staff but under existing salaries and conditions. As Trustees of Vaucluse House had always taken an interest in their staff and staff problems, he did not think they would wish to be placed in a position of not being responsible for them. The President mentioned

CHAIRMAN..G.A.C.Kiernan.....SECRETARY..T.E.Schmude.....

MATTERS ARISING FROM MINUTES.

that his understanding of the situation was that the main concern by Trust's staff extended only to annual and sick leave. As Ministerial staff, they received only three weeks annual leave and six days sick leave annually, compared with Public Service four weeks annual leave and ten days sick leave. It was decided that a letter be sent to the Director of the National Parks Service informing him that the Trust proposed granting annual and sick leave to their staff comparable to that of the Public Service and awaiting any view the Service might have to the contrary.

The fungus infestation of lawns surrounding House was again discussed and a quotation from Mr.W.J.Scarlett for $665 was discussed. Mr.Yelland agreed to get in touch with the Curator of the Botanic Gardens and, after the Curator had inspected the lawns, if he agreed that the treatment as outlined by Mr.Scarlett was the most effective, to accept the quote and have the work attended to assoon as possible.

CORRESPONDENCE.

Letters were received from the following:-

(i) Mrs.M.Herron, 73 Wentworth Road,Vaucluse,re tree planting in Vaucluse Bay Reserve. It was resolved that this letter be held over until the interview with Mr.Narton had taken place.

(ii) The Maritime Services Board re Jetty Premises at Nielsen Park and Trust's reply thereto. It was decided that the matter be left in abeyance pending a reply from the Board.

(iii) Met.Water Sewerage and Drainage Board informing the Trust that the Board had reconsidered the proposed appropiation of Easement over part of Crown land (Trust's letter of 16th. January,1967) and that they no longer wish to acquire the easement.

(iv) Minister for Lands informing Trust that the appointment of Mrs.C.E.O.Simpson as a Trustee will not now be proceeded with but that he had appointed Inspector H.T.Pierce as Police Adviser and Mr.Mervyn Finlay to replace Mr.R.N.Walker.

(v) Mr.G.Atkins, 9/223 Darley Road,Randwick, asking if the small picture taken from Ben Hall bushranger, and now in House, was for sale and if the Trust required any photographs of well-known bushrangers. It was resolved that the Secretary inform Mr.Atkins that the picture was not for sale at present and that, as the House was now restored to, as when lived in by W.C.Wentworth, photographs of bushrangers would not fit into this scheme of furnishing.

(vi) Messrs.F.W.Hall and Cedric Cullen enclosing cheque for $1,500 -oo being 20% of the sale price of goodwill for Nielsen Park Kiosk from the Estate of L.O.A.McCole to Mr.Mrs.W.G. Stratton.

CHAIRMAN.....SECRETARY.....

GENERAL BUSINESS. Quotations for demolition of Nos.1 and 2 Pavilions were discussed and it was resolved ~~that~~ to accept the tender from Mr.John Kennedy of $750-00. The Secretary was directed to accept the quotation and inform Mr.Kennedy that the quote was subject to materials being reserved for Trust's use as outlined to him by Trust's carpenter - the Secretary to give a list of these materials to Mr.Kennedy.

Quotation for supplying and fixing Vinyl floor covering to display rooms in coachhouse, from Armstrong Nylex for the sum of $620-00 was discussed. It was resolved that the matter be referred to Dr.Parkes for his advice.

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE. (i) Statement showing financial position of the Trust as at close of business on 30/6/70 was discussed and noted.

(ii) On the motion of Mr.Yelland, seconded by Mr.Lusher, accounts paid since June meeting to the value of $926-37, $1777-63 and $747-59 as shown on Recoupment Summaries Nos.33,34 and 35, were confirmed.

OTHER MATTERS. The President reported that:-

(i) The oak dining room suite sent in to James Lawson was sold for $475-00 and after commission and cartage the Trust had received $383-27. When depositing this in the Revenue Account the Secretary had asked the Service if this amount could be devoted towards furnishing the top corridor in House.

(ii) The Water Board had reported that a leak in Nielsen Park was showing a loss of 2,000 galls per day, that the Board had sent out two inspectors with equipment and had not detected it but considered that the old service which was badly corroded was possibly the cause. As this is the only section in Nielsen Park not renewed, the foreman had obtained a quotation from Trust's plumber, Mr.G.Marler, for $1217; the Service to be renewed in copper as had been done of recent years. The Secretary was directed to inform the National Parks Service of this matter and ask that urgent attention be given to it.

(iii) A quotation had been received from Mr.Robert Contato for attention to the painting of verandah roof. Mr.Contato had given three quotes and the Secretary had sent a copy to the National Parks Service for their attention. Mr.Lusher suggested that, as the Maritime Services Board dealt in this type of treatment of iron, he ask the opinion of their laboratory staff, and the Secretary was directed to send a copy of Mr.Contato's specifications to Mr.Lusher - the matter then to be referred to Dr.Parkes.

CHAIRMAN..... SECRETARY.....

OTHER MATTERS.

Mr.Lusher suggested that, as the attention of tourists on board the P.& O.Liners were told of various places to visit whilst in Sydney, the Secretary send to the chairman, Mr.Neville Pixley, ten brochures on the House , so that when the House out to the visitors they would have some knowledge of its history.

Mr.Snelling reported that he had again been in touch with the Public Library regarding the material of the crossing of the Blue Mountains . Miss Paula Jones of the Public Library had gathered some very ihteresting information and he had arranged that she, accompanied by Mr.Smith White from the National Parks Service, would meet him this coming week at Vaucluse House with a view to placing the materials in the display section.

MEETING CLOSED. The meeting closed at 11.35 a.m.

VAUCLUSE HOUSE HISTORIC SITE

Minutes of Meeting held at Vaucluse House on Sunday, 20th.September,1970 at 9.30 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
H.L.Yelland,
E.S.Miller,
J.A.Kelly,
H.T.Pierce,
Mrs. T.E.Schmude (Secretary)

APOLOGIES. Apologies were received from Messrs.P.Lusher and C.Parkes.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. The President reported that:-

(i) Mr.Bruce McKenzie, Landscape Architect, had informed the Secretary that he would like to submit for perusal to interested residents some photographs of trees planted in locations almost identical with Vaucluse Park. It was arranged that the President, in company with Messrs.Yelland and Miller, interview Mr.McKenzie and report the discussion to the residents at a later date.

(ii) The chaise-longue and chair had been procured from Grafton Galleries for the sum of $415-00, as arranged at previous meeting. $383-27 of this amount was contra-ed as arranged with the National Parks Service by the sale of oak dining room suite from the Board Room.

Mr.Miller reported that the quotation for insurance on contents of House from Lumleys was no less than the Government Insurance policy rate. It was resolved that Mr.Miller try to obtain from the Government Insurance a lower rate in preference to transferring business elsewhere.

CORRESPONDENCE. Letters were received from the following:-

(i) The National Trust in reply to Trust's letter regarding acquisition of furniture, was noted.

(ii) Tourist Publicity Service re advertising in publication "Sydney's Top Tourist Attractions". The Secretary was directed to inform the Service that the Trust had already spent this year's advertising allocation but would consider its propqsal next year.

(iii) The Maritime Services Board in reply to Trust's letter requesting information of wharf expenditure. As the future of Nielsen Park was uncertain as a result of a press release by the Director to the effect that Nielsen Park may be included in a scheme envisaged for all Sydney beaches, it was agreed that the Board's letter be forwarded to the National Parks Service with the Trust's recommendation that, in view of the popularity of harbour traffic, the wharf be not demolished.

CHAIRMAN..G.A.C.Kiernan..SECRETARY..T.E.Schmude.....

CORRESPONDENCE.

(iv) Auditor-General forwarding statements and report for Nielsen Park for period July to December,1969, prior to incorporation of Nielsen Park with Vaucluse House Historic Site was tabled.

(v) Dr.F.C.Butler, Department of Agriculture, recommending treatment of lawns. The Secretary was directed to convey by letter to Dr.Butler the Trust's thanks and appreciation and to advise him that his treatment had already been commenced on the lawns. On Dr.Butler's recommendation, it was agreed to purchase a scarifier for the lawns at a cost of $313-50 Government contract price.

(vi) Ipec Removals informing Trust that the two missing cartons had been found and would be forwarded within a week.

(vii) Mr.G.E.Turnbull in reply to Trust's enquory about larder and dairy utensils asking what type of utensil was needed.

(viii) National Parks Service informing Trust that the appointments of Inspector H.T.Pierce and Mr.M.Finlay to the Trust had been gazetted.

(ix) National Parks Service informing Trust that the Service had accepted a quotation from Pest Control Co.for treatment of white ants in the House, from Mr.G.Dougherty, to the amount of $280-00 for extermination work and $100-00 per annum for annual maintenance.

GENERAL BUSINESS. Quotation from International Floor Coverings for supplying and fixing vinyl tiles in display rooms of coachhouse for $440-00, was accepted.

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE.

(i) Statement showing financial position of the Trust at close of business on 31/8/70 was discussed and noted,

(ii) On the motion of Mr.Pierce, seconded by Mr.Yelland, accounts paid since August meeting to the value of $1234-05, $1814-35, $ $1578-59 and $2965-99 as shown on Recoupment Summaries Nos.7,8,9 and 10 were confirmed.

OTHER MATTERS. Mr.Irons, Normic Damp Proofing Co.reported to the President on condition of Gilberthorpe's Room. If the dampness had not dried out within six months, he offered to do the work again including the replastering free of charge. That this arrangement might be on record for future reference, the Secretary was directed to acknowledge Mr.Iron's proposal in writing.

So that the area adjacant to Stables would be restored entirely in cobblestones and not, as formerly arranged, with cobblestones and sealed road; it was resolved, on the motion of Mr.Yelland, seconded by Mr.Miller, that Trust vote $500 for the purchase of an additional 100 sq.yds.of cobblestones.

This is page two of Minutes of Meeting held on Sunday, 20th.September,1970.

CHAIRMAN.....SECRETARY.....

OTHER MATTERS.

The Secretary reported that a fire had broken out in the tar shed at Nielsen Park destroying the shed, copper and contents; the last mentioned,value approximately $3000-00, included all the nets required for the swimming season. The Government Insurance had been notified and the Gaol had agreed to make one set of nets in readiness for the opening of the swimming season on 2nd.October. The Secretary had made many enquiries about methods of treating the nets other than immersion in boiling tar and had been successful in procuring a cold chemical treatment from Doon Manufacturing Co. A delivery of 90 gallons had been received at a cost of $2.58 per gallon.

On the motion of Mr.Kelly, seconded by Mr.Yelland, it was agreed that, as soon as the Trust's allocation for 1970/71 had been received, the clearing of Mt.Trefle and Steel Point be finalised. As it was considered a grave hazard to leave the dead trees and heavy growth of lantana in its present state during the summer months , the matter was urgent.

The condition of the gravel drive was discussed and it was agreed that the Secretary obtain the measurements of the drive and an approximate cost of covering the drive with cobblestones.

In view of the numerous articles that had appeared in the daily papers recently in reference to the banning of organized picnics in Nielsen Park, the Secretary was directed to forward relevant press cuttings to the Minister for Lands, suggesting that he may make some public comment on them.

MEETING CLOSED.

The meeting closed at 11.30 a.m.

Minutes of Meeting held at Vaucluse House on Sunday, 18th.October,1970 at 9.30 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
H.L.Yelland,
E.S.Miller,
J.A.Kelly,
J.R.Barrett,
P.Lusher,
M.Finlay,
Mrs.T.E.Schmude (Secretary)

APOLOGIES. Apologies were received from Messrs.H.T.Pierce, C.Parkes and H.A.Snelling.

ELECTION OF OFFICERS. The following officers were unanimously elected for the forthcoming year:

President.	Mr.G.A.C.Kiernan.
Vice-President.	Mr.H.L.Yelland.
Treasurer.	Mr.J.R.Barrett.

In accordance with the new regulations the Secretary was re-elected for the year 1970/71.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. The President reported that:-

(i) Mr.Bruce McKenzie, Landscape Architect, had sent some photographs of trees planted in surroundings similar to those of Vaucluse Bay Reserve. It was agreed that the President and two Trustees make an appointment with Mr.Gordon Barton and discuss the matter personally with him rather than through Mr.Bruce McKenzie. The Secretary was instructed to make this appointment for the forthcoming week.

(ii) The vinyl tiles had been laid in coachhouse display rooms and were quite satisfactory.

CORRESPONDENCE. Letters were received from the following:-

(i) Director, National Trust, re disposition of items which are offered as gifts for display in National Trust's properties. Mr.Yelland reported that Mr.Fahey of the National Trust had made an inspection with him of the House to ascertain what type of furniture was still needed in the House, and had told him of a marble statue that was available as a donation from Mrs.Poole of Pymble. He intimated that the National Trust did not require it, and that, as the Art Gallery was reclaiming the statue of Narcissus , this statue might prove suitable as a replacement. It was decided that the President and Mr.Yelland inspect the statue and, if it was the correct period, to accept it.

(ii) Minister for Lands acknowledging newspaper articles forwarded by Trust in regard to cancellation of organized picnics at Nielsen Park

(iii) Mr.Bruce McKenzie, forwarding photographs of tree planted in surroundings similar to those

of Vaucluse Bay Reserve. This matter had already been dealt with earlier in the meeting.

(iv and v) Mr.A.J.Herron and Mr.I.R.Philip, re tree planting in Vaucluse Park. These letters had already been acknowledged by the Secretary and the writers would again be contacted after the meeting with Mr.Barton.

(vi) Mr.P.Middleton, Dean, N.S.W.Institute of Technology in regard to record drawings of Vaucluse House, informing the Trust that the Institute considered such drawings would fit into the programme of their first year class about May 1971 and that details would be arranged through Mr.Yelland closer to that time.

(vii)The Maritime Services Board in reply to the President's letter re removing of debris from foreshores and harbour.

(viii) Director, National Parks Service, in relation to preservation of collections of papers for custody by the Archives Authority of N.S.W. Mr.Yelland explained that quite important documents are not housed with the Government Archives Authority, that the Authority had acquired a site for this purpose but that,until this building was erected, he considered documents should be kept for security reasons at Vaucluse House as at present, This was agreed to by the meeting.

GENERAL BUSINESS.

Quotation from G.Gigg and Co.for $1,824-00 for laying cobblestones and including excavation of Stable Yard. It was agreed that, as this was the lower quote, it be accepted if finances should be available during this current year.

SECRETARY'S REPORT.

The Secretary's Report was received and discussed.

FINANCE.

(i) Statement showing financial position of the Trust as at close of business on 30/9/70 was discussed and noted.

(ii) On the motion of Mr.Yelland, seconded by Mr.Barrett, accounts paid since September meeting to the value of $1011-11, $2683-71, $1524-80 and $2489-17 as shown on Recoupment Summaries Nos.11,12,13 and 14, were confirmed.

OTHER MATTERS.

The President reported that:

(i) Messrs.G.Davis,Swinfield and Furness of the Arms Collectors' Society had spent over four hours one Sunday recently photographing and identifying pistols and swords, as promised. Mr.Davis had telephoned him suggesting that the pistols, once the property of Captain Piper would be much more interesting if their stocks already damaged by fire, were renewed. Such renewal would cost $60-00. It was resolved that this repair work be done.

(ii) The Police Pipe Band would give a recital on Sunday, 15th.November in lieu of the recital arranged for 11th.October, but cancelled because of inclement weather.

CHAIRMAN.....SECRETARY.....

OTHER MATTERS.

(iii) Mrs.Irvine had informed him that Nielsen Park Foreman, F.Irvine, who had been absent several weeks through illness had been certified as incurable. Therefore, she sought payment of his long-service leave, having already used up all his sick pay. Mr.Yelland explained that rather than use up his long-service leave at this juncture, Irvine could possibly receive special sick pay, provided a doctor from the Health Department certified him as medically retired. This matter would be discussed by the Secretary with Mrs.Irvine.

Mr.Miller reported that the Government Insurance had been in touch with him regarding the insurance of House contents and that he expected some finality within the next few weeks.

The conversion of the top corridor into an attracttve gallery and the removal of Governors' photographs to the new display section in coachhouse as soon as the rooms there were completed, were discussed. A notice of motion was agreed to.

Mr.Lusher informed the meeting that he had been in touch again with Mr.Appleton, Engineer of the Maritime Services Board, regarding the verandah roof of House, and that Mr.Appleton in turn had been in communication with an analyst and would contact Trust's Secretary during the coming week.

Mr.Miller brought to the notice of the meeting the great fire hazard brought about by permitting barbecues, even in provided fireplaces provided for that purpose in the Nielsen Park areas, and suggested that no fires be permitted. The matter will be considered by the Trustees at their next meeting.

MEETING CLOSED. The meeting closed at 11.5 a .m.

ST 5059—3 V C N. BLIGHT GOVERNMENT PRINTER

VAUCLUSE HOUSE HISTORIC SITE.

Minutes of Meeting held at Vaucluse House on Sunday, 16th.November,1970 at 9.30 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
H.L.Yelland,
E.S.Miller,
J.A.Kelly,
J.R.Barrett,
P.Lusher,
G.J.Crouch,
M.Finlay,
Mrs.T.E.Schmude (Secretary)

APOLOGIES. Apologies were received from Messrs.H.T.Pierce, C.Parkes and H.A.Snelling.

MINUTES. Minutes of previous meeting were confirmed and signed and an amendment added to the effect that, at this meeting, the President welcomed back Mr.Barrett from his overseas tour and received Mr.Mervyn Finlay as a new member of the Trust, at the same time expressing the hope that Mr.Finlay's association with the Trust would always be a happy one.

MATTERS ARISING FROM MINUTES. The President reported that:-

He and Mr.Miller had interviewed Mr.Gordon Barton in regard to the tree planting in Vaucluse Bay Reserve. Prior to the meeting, the head gardener, after an inspection of the area, had found that of the 120 trees planted only 39 remained. Eighty-one had either been removed or poisoned. Mr.Barton had offered not only to replant the trees at his own expense but also pay the wage of a security guard in the park. Furthermore, he suggested that notices should be displayed in the park threatening legal action in the event of future vandalism. After a lengthy discussion, Mr.Miller moved that, (1) the Trust accept Mr.Barton's offer to replace and maintain the trees; ~~to~~ (2) to place on record that the Trustees deplored such mindless vandalism and gross injustice to Mr.Barton; (3) if at a later date, the question arises of trees becoming too large or a nuisance, steps could then be taken to remove some of them. Mr.Lusher seconded the motion. This motion was then discussed. On the moving of an amendment to the effect that the residents and Mr.Barton be informed that, as the National Parks Service through their Planning Authority had plans for development of all Parks under its control, the matter should be referred to the Service, the motion was lost. Mr.Yelland was asked to draft a letter to the Service and to Mr.Barton and residents. Mr.Kelly seconded this amendment. The Secretary was directed to notify the Police Department of the vandalism.

Mr.Miller reported that, as Lumleys premium rate would be higher than the Government Insurance for contents of the House, he had had several interviews with the Government Insurance re an All Risk Policy. After discussion, it was moved by Mr.Barrett and seconded by Mr.Kelly, that Fire Policy FD 9000 be increased by $150,000 on contents of the main Building at an

CHAIRMAN.....SECRETARY.....

OTHER MATTERS. additional net premium of $172.74, total premium being $787.00, covering risks : Fire,Storm and Tempest, Rainwater, Explosion,Riots, Malicious Damage. That a "blanket" All Risks Policy be effected in the sum of $50,000 at a premium rate of 1.5% with a waiver by the Government Insurance Office of the "average" condition and that Mr.Miller be requested to investigate with the Mitchell Library the question of a "Loan and Transit All Risks Policy" to cover the Property on loan from the Mitchell Library and that a further All Risks Policy be effected with respect to the "Gillies" collection and that the Department be advised as to the desire of the Trustees to have a further All Risks Policy covering the whole of the contents at a premium rate of 1.5% and seeking the Department's authority for such insurance.

CORRESPONDENCE. Letters were received from the following:-

(i) National Parks and Wildlife Service re Rents of Alien Tenures was noted.

(ii) National Parks and Wildlife Service re Allocation for 1970/71. On the motion of Mr.Yelland, seconded by Mr.Kelly, it was agreed that a sub-committee review the matter and, if necessary, submit their findings to the Director of the Service.

(iii) National Parks Service regarding fires at Nielsen Park. It was resolved that a letter be sent to the Director informing him of the Trust's efforts in this regard and pointing out that, although a reasonable quote for clearing Steel Point and Mt.Trefle had been submitted to the Director, no amount was allowed in the allocation for this work to be carried out.

(iv) National Parks Service in reply to Trust's letter concerning the wharf at Nielsen Park. It was resolved that a letter be sent to the Maritime Services Board informing them that Trust would be willing to accept their proposal of paying $20 per annum as rental but that, as the ferry service is used by the public, the wharf's maintenance should be the responsibility of the Maritime Services Board.

(v) Bondi Amateur Swimming Club requesting permission to hold annual swimming carnival at Nielsen Park on Sunday, 28th.March,1971. Permission was granted.

(vi) Mr.Sheehan, 14 George St,Sydney re transistors at Nielsen Park. The Secretary was directed to inform Mr.Sheehan that the attendants had been asked to request patrons to reduce volume of transistors whilst on beach or promenade.

CHAIRMAN.....SECRETARY.....

GENERAL BUSINESS. Quotation from Graeme Dougherty P/L for treatment of white ants for $280 was accepted on the advice of the National Parks Service. '51

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

OTHER MATTERS. Mr.Yelland reported that he and the President had visited Mrs.Poole of Pymble who had offered a small marble statue to the House in memory of her late husband, Leonard Poole. As the statue was contemporaneous with the Wentworth period, they had accepted the statue and it had been placed in the main corridor for the time being. The Secretary was directed to thank Mrs.Poole for her donation.

The matter of barbecues at Nielsen Park was again discussed and it was resolved that a letter be sent to the National Parks Service seeking their policy in Parks under their control.

The President reported that:-

(i) The foreman of Nielsen Park, F.Irvine, had passed away on Friday, 13th.inst. It was resolved that a letter be sent to his widow, expressing regret at the loss of a fine and faithful employee and that her request for his long-service leave be paid to her, at the same time informing the Service to this effect.

(ii) The Secretary had inquired of the Woollahra Council whether it still received a grant from the Maritime Services Board for the cleansing of beaches under its jurisdiction and had been informed that the Board still allowed this grant. In view of this, it was agreed that the Trust request a similar grant from the Board.

MATTERS ARISING FROM MINUTES. The President reported that:-

(i) Following on the sub-committee meeting on 23rd.December,1970, the Vice-President had drafted a letter which had been sent to the Director of National Parks Service, in reply to memo received from the Service in reference to over-expenditure on certain items. The letter contained a request that restrictions on individual items be relaxed and that freedom be granted in expenditure of an overall allocation. It was resolved that a further letter be sent to the Director, drafted by Mr.Yelland, and on the motion of Mr.Kelly,seconded by Mr.Crouch, the sub-committee's actions were endorsed.

(ii) As agreed by the Director of the Service, long-service leave for the late F.Irvine to the extent of $679-80 had been paid to his widow.

It was moved by Mr.Kelly, and seconded by Mr.Crouch, that (1) the project envisaged be costed; (2) to write to the National Parks Foundation Scheme requesting that Vaucluse House be included in its program of works.

CORRLSPONDENCE. Letters were received from the following:-

(i) National Parks Service in reply to Trust's letter regarding payment of water rates, informing the Trust that the Water Board considered the amount of water consumption, permitted free of charge by the Board, had been decided upon some years ago. (ii) Normic Damp Proofing Co.,informing Trust that a further inspection of Gilberthorpe's Room had been made. It was now considered the room was sufficiently dry to permit replastering, and requesting permission to carry out this work at their own expense. Permission was granted.

(v) Assistant Commissioner of Police acknowledging Secretary's letter of thanks for Band Recitals, was noted.

(vi) National Parks Service informing Trust that,~~an amount of $1,300 had been recommended~~ as no funds were available at present, the re-painting of verandah roof would be held in abeyance.

(vii) Messrs.E.Madill & Co. informing Trust that an amount of $1,300 had been recommended by them to the Government Insurance in compensation for loss of shed at Nielsen Park by fire on 4th. September,1970. Acting upon the advice of Mr.Trustee Miller, the amount was accepted.

(viii) The Maritime Services Board informing Trust that following in the recent correspondence between it and the Trust, the Board was not responsible for the maintenance of the wharf, as they were not the owners. After discussion, it was agreed that Mr.Finlay draft a letter to the Board in reply

(ix) National Parks Service forwarding notification of Government Gazette whereby Tresillian and its surrounding land were added to the Vaucluse House Historic Site. The Secretary was directed to send a letter to Mr.Swinfield under the signature of the President thanking the Society for its co-operation and expressing the Trustees' deep appfeciation and indebtedness.

SECRETARY'S REPORT. The Secretary's report was discussed and received.

FINANCE. (i) Statement showing financial position of the Trust as at 31/1/71 was discussed and noted.

CHAIRMAN.....SECRETARY.....

FINANCE.

(ii) On the motion of Mr.Yelland, seconded by Mr.Kelly, accounts paid since December meeting to the value of $3007-32, $1742-20, $3432-08, $2947-38 and $2602-81 as shown on Recoupment Summaries Nos.20,21,22,23 and 24, were confirmed.

OTHER MATTERS.

The President reported that he and the Vice-President had inspected the tenanted properties of the Trust and had found them in good condition and well cared for. The cottage occupied by Westbrook had deteriorated despite the $1,200 spent on it a few years ago, when it was underpinned. Apparently, the underpinning had not been satisfactory. The place appeared to be structurally unsound. They were very impressed with the vast amount of work and money expended by Mr.W.G.Stratton on the kiosk dwelling at Nielsen Park, and commended him for his enterprise.

Mr.Yelland reported that he, accompanied by the President and four members of the Service, Messrs.Holmes, Loder, Murrell and Campbell, had visited Mt.Trefle, Steel Point, Nielsen Park and Bottle and Glass Headland areas. As a result of their deliberations, it was decided that, as the Service had no funds available for contract clearing of those areas, it might provide a team of five men to clear them from time to time. During the next week, Messrs.Loder and Campbell accompanied him and the President on an inspection of the Vaucluse Bay Reserve. It was decided that Mr.Loder draw up a plan of proposed replanting of trees and submit it to the Trust for consideration. During the visit to Nielsen Park, Mr.Holmes had suggested that the fence surrounding enclosure be removed at some later date. Although the Trustees agreed with this suggestion, they considered that the matter should be brought to the attention of the Director. It was thought that, though removal of the fence would improve the area, free access thereby given to the enclosure would result in a steep fall in revenue. The parking area in Greycliffe Avenue was also discussed. Mr.Yelland pointed out that an alternative parking area could be made available on Mt.Trefle. Mr.Holmes promised to discuss this aspect with the Service.

Mrs. T.E.Schmude (Secretary)

APOLOGIES. Apologies were received from Messrs.H.L.Yelland, C.Parkes and H.A.Snelling.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. The President suggested that, as there had been no replies from Trust's letters to the National Parks Service in reference to finance, clearing of Steel Pt.and Mt.Trefle areas,etc.,he considered the Trustees should discuss these matters personally with the Minister. It was decided that a letter be sent through the local member, Mr.K.R.Doyle, requesting a meeting with the Minister, the deputation to consist of Messrs.Kiernan,Yelland, Miller and Barrett.

CORRESPONDENCE. Letter from the Maritime Services Board in reply to Trust's request for a grant to keep Nielsen Park and Vaucluse Bay beaches free from debris. The Board regretted that it could not see its way clear to accede to this request.

GENERAL BUSINESS. A list of requirements from Mr.Stratton to complete the renewal of Nielsen Kiosk roof, the work to be carried out by Mr.Stratton, was agreed to. This would then complete the renovations to the Kiosk, which Mr.Stratton had done at great expense to himself during the past twelve months.

FINANCE.

(i) Statement showing financial position of the Trust as at 31/3/71 was discussed and noted.

(ii) On the motion of Mr.Barrett, seconded by Mr.Pierc accounts paid since March meeting to the value of $1930-79, $531-75 and $2879-38 as shown on Recoupment Summaries Nos.28,29 and 30 were confirmed.

OTHER MATTERS. The President reported that when the nets were changed during March it was found that most of them had perished. Westbrook had noticed this and,after discussing the matter with the Secretary, had contacted Professor Ralph at the Univeristy of New South Wales, who had asked for a sample of the damaged net and of the chemical used in the dipping process. These would be sent to him during the coming week. It was agreed that Mr.Lusher go into the matter of metal fences instead of rope nets and report his findings to the Trustees.

MEETING CLOSED. The meeting closed at 10.15 a.m.

The Minister received them with courtesy and interest. Several matters relating to finance were discussed and it was agreed by the Minister that, if the Trust increased its admission charges to Vaucluse House,the Trust would benefit by the increase,which could be utilised for maintenance purposes and would not reduce or affect adversely the allocation made each year to Vaucluse House. The Minister also suggested that the Trust might set up a Foundation Scheme for developmental purposes. After discussion it was agreed that the admission charges to Vaucluse House be increased from 1st.July,1971 to:

Adults	50 cents

(iii) National Parks Service in reply to Trust's letter of 26th.February concerning future management and maintenance of "Greycliffe", stating that, although the area forms part of Vaucluse House Histdric Site, the Service will not hold the Trust responsible for finance,security,repairs or maintenance of the said building, but will attend to such matters itself.

FINANCE.

(i) Statement showing financial position of the Trust as at close of business on 30/4/71 was discussed and noted.

(ii) On the motion of Mr.Barrett, seconded by Mr.Yelland, accounts paid since April meeting to the value of $1514-70, $2289-94 and $815-57 as shown on Recoupment Nos. 31,32 and 33 were confirmed.

(iii) He considered that a proportion of moneys should be set aside for those employees due for long-service leave. The Secretary was directed to send the list of employees, their rates of pay and when leave was due, to the Service for their information.

(iv) An amount of approximately $4,000-00 would still be available on this year's allocation, mainly due to the fact that (1) salaries were down considerably because the painter and carpenter's positions had not been filled, and (2) there were several urgent maintenance works which had not been attended to during the year for fear of over-expenditure of allocation. He suggested that the the following works should be undertaken:

(a) Replacing timbers in architraves destroyed by white ants:
(b) Renewing shingles over courtyard loggia:

(c) Complete stable yard .

(d) Commence painting interior of House.

Approval was given to have these works done.

VAUCLUSE HOUSE HISTORIC SITE

Minutes of Meeting held at Vaucluse House on Sunday, 20th.June,1971 at 9.30 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
J.A.Kelly,
E.S.Miller,
J.R.Barrett,
P.Lusher,
G.J.Crouch,
H.T.Pierce,
M.Finlay.
Mrs. T.E.Schmude (Secretary)

Messrs.C.Parkes and H.A.Snelling (Counsellors) were also present.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. The President reported that, as agreed at the last meeting, a letter had been sent to the Minister regarding increase of admission charges and confirming what was arranged at the meeting with the Minister,viz: if an increase in admissions was made, the extra amount would be used for extra maintenance of the House and any surplus for improvements. A copy of this letter had been sent to the Director.

Regarding the supplementary tree planting in the Vaucluse Bay Reserve; Mr.Miller reported that he had again made an inspection of this area and considered that, as the area was so confined no more trees should be planted. Perhaps, an exception might be made of that part of the park on the south-east end, adjacent to fence facing Vaucluse Park, where no more than twenty-five trees could be planted. Provision for flowering shrubs, growing to approximately fence heighth against Miss Carrigan's home, might also be given consideration. The Trustees agreed with this proposal, and also with the suggestion of the Service that the fence surrounding this reserve be lowered to about two feet in heighth and painted black-green to make it less conscipuous. The Secretary was directed to inform the Service of this resolution.

CORRESPONDENCE. Letters were received from the following:-

(i) Captain P.Lusher reporting on problem with corrosion of chains at Nielsen Park. Mr.Lusher enlarged on his report, pointing out that it is considered possible that deterioration of sections of chain could be caused by galvanic action occasioned by the Degaussing Range at Steel Point and that, as black iron chain was much cheaper than galvanised, this should be purchased in future.

(ii) Assistant Commissioner of Police informing Trust that the Police Military Band and the Police Pipe Band would give recitals on Sundays 10th.and 17th. October next.

(iii) Minister for Lands acknowledging Trust's letter of 24th.May in reference to increased admission charges at Vaucluse House,etc. and informing Trust that the contents of letter were receiving his attention and a further letter would be sent to the Trust.

CHAIRMAN.....SECRETARY.....

(i) Confirm receipt of notice of intention to

CORRESPONDENCE.

(iv) Director, National Parks Service, in reply to Trust's letter regarding long-service leave for certain of Trust's employees and informing Trust that, in the event of long-service leave for any employee becoming payable in 1971/72 financial year, the Trust's allocation would be supplemented to the necessary amount to cover such payment.

(v) Memo from National Parks Service re Personal Accident Insurance for Trustees. It was agreed that if the Department would be prepared to take out a cover without being an expense to the Trust, the Trustees would approve of this insurance.

(vi) National Parks Service forwarding copy of letter from Premier of N.S.W. in regard to a complaint from J.D.Hill, 50 Olola Avenue,Vaucluse, re tourist coaches parking in Olola Avenue. It was resolved that the Director be informed that, since Mr.Hill had contacted Pykes and Pioneer Coach Companies and the coaches had parked in Wentworth Road in deference to his wishes, there had been considerable loss of revenue to the House mainly because it had been found dangerous for coaches to park at this, the narrowest section of Wentworth Road. This, together with the operations of Government buses rendering traffic more congested in the area had caused Pioneer Coach Company to eliminate Vaucluse House from its itinerary altogether. Itbwas also decided that the President approach the managers of these Coach Companies requesting a return of the buses to Olola Avenue.

GENERAL BUSINESS. A quotation for $290-00 from Mr.R.H.Kelly to renew sections of architraves in House and also sash cords to box frames in upstairs windows, was accepted/. Mr.Barrett pointed out that this was only an approximate cost, as Mr.Kelly would not know the extent of replacement to architraves until the present ones were removed, when the amount of white ant damage would be apparent. It was agreed that this urgent work be attended to, as the finance was available in the 1970/71 allocation to allow for this expense.

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE.

(i) Statement showing financial position of the Trust as at close of business at 31/5/71 was discussed and noted.

(ii) On the motion of Mr.Barrett, seconded by Mr.Pierce, amounts paid since May meeting to the value of $1211-30, $833-53, and $1523-06 as shown on Recoupment Summaries Nos.34, 35 and 36 were confirmed.

OTHER MATTERS. The advisability of purchasing nylon rope for nets in preference to cotton was discussed. Mr.Lusher reported that he had gone into the matter thoroughly, as promised, and found that (a) cotton cord was not being produced now, so that polyethylene rope would have to be used; (b) as the orange coloured polyethylene is the most resistant colour to deterioration from ultra-violet light, this colour be purchased;

CHAIRMAN.....SECRETARY.....

OTHER MATTERS.

(c) polyethylene was cheaper than cotton and does not require any chemical preservative;(d) the order be given for one full set of nylon nets to be made by the Prisons Department and, as Nielsen has a number of cotton nets already in stock, for purposes of comparison one half of the enclosure be of cotton nets and the other half of polyethylene Mr.Lusher also suggested that metal ring nets be made by Trust's staff and used for fifty feet on the wharf side and seventy-five feet on the northern side. After discussion, it was agreed that the polyethylene rope be purchased at a cost of approximately $440 and to leave the suggestion of metal ring fence until the next meeting when the matter would be discussed further.< Mr.Finlay gave notice of motion that the fence from swimming enclosure be removed leaving full access to the enclosure. As this would entail a considerable loss of revenue, the Secretary was directed to prepare a cost sheet showing the amount of revenue received from the admissions, the cost of running the enclosure only, apart from the cost of maintaining the park, and to forward these details to each Trustee, so that the matter may be explored further at the next meeting.>

Mr.Miller reported that he had been in contact with the Government Insurance Office asking that they reconsider their decision re compensation for loss of nets in fire, and he was hopeful that the matter would be settled in Trust's favour.

MEETING CLOSED. The meeting closed at 11 a.m.

ST BOSS—3 V. C. N. BLIGHT, GOVERNMENT PRINTER

VAUCLUSE HOUSE HISTORIC SITE.

Minutes of meeting held at Vaucluse House on Sunday, 18th.July,1971 at 9.30 a.m.

PRESENT. Messrs.G.A.C.Kiernan (In the Chair),
J.A.Kelly,
J.R.Barrett,
P.Lusher.
Mrs.T.E.Schmude (Secretary)

APOLOGIES. Apologies were received from Messrs.E.S.Miller,C.Parkes and H.A.Snelling.

MINUTES. Minutes of previous meeting were confirmed and signed.

MATTERS ARISING FROM MINUTES. The President reported that:

(i) As requested at the last meeting, he communicated with the Directors of Pioneer and Pykes Coach Companies requesting that the coaches return to Olola Avenue. Both Directors had informed him that they had received a threatening letter from Mr.J.D.Hill re their coaches parking in Olola Avenue. The Secretary informed the meeting that Pykes Coaches had not discontinued parking in the Avenue prior to this direction, but the Pioneer Coaches had. However, both Companies are now carrying out the new directions.

(ii) Mr.G.Cullen had donated $100 for an article of furniture for the top corridor and he had purchased a French Occasional Table from Grafton Galleries with this donation.

CORRESPONDENCE. Letters were received from the following:-

(i) Copy of letter from Dr.D.F.McMichael to the Under Secretary, Premier's Department, in answer to the Premier's letter regarding complaint he had received from Mr.J.D.Hill, of coaches parking in Olola Avenue, explaining the loss of revenue to the Trust since the coaches had ceased parking in the avenue.

(ii) Minister for Lands in reply to Trust's letter re increased admission charges. The Trustees expressed their pleasure at the Minister's acquiescence with their plan to reserve additional income from increased fees for extra maintenance and improvements. They also expressed satisfaction at the Minister's assurance that surplus income so gained will in no way affect the level of the financial aid made available for general purposes by the National Parks Service.

(iii) Director, National Parks Service informing Trust that monthly statements showing receipts,payments and balances will be issued to the Trust for the Special Purchase Account, quoting cypher numbers to be used by Trust's Secretary for this purpose and thanking Trustees for their co-operation in the matter.

GENERAL BUSINESS. Quotation from Mr.Contato for $720 for painting sections of woodwork in House. As there are architraves and skirting boards being renewed, it was agreed that,since this quote did not include the painting of new wood,the quotation be held over till the work is completed.

CHAIRMAN.....SECRETARY.....

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE.

(i) Statement showing financial position of the Trust as at close of business on 30/6/71 was discussed and noted.

(ii) On the motion of Mr.Barrett, seconded by Mr.Kelly, accounts paid since June meeting to the value of $1492-35, $889-75, $1049-12 and $1623-80 as shown on Recoupment Summaries Nos.37,38,39 and 40 were confirmed.

OTHER MATTERS. On the motion of Mr.Barrett, seconded by Mr.Kelly, it was resolved to purchase a 4-stroke Rover Mower for $199-00 (Government contract price) for Nielsen Park.

Mr.Barrett reported that much more timber had to be replaced in architraves and skirting boards by R.H.Kelly than at first indicated. When Kelly removed the old timber, it was found that much more damage had been done by white ants than a superficial examination had revealed. The cost would now be in the vicinity of $600 instead of the original quote of $290. As the renewal of timbers was most imperative, it was agreed that the work must continue.

The Secretary informed the meeting that Dr.Parkes had inspected each week the work being carried out by Gigg in the stableyard. Because of the necessity of drainage, Dr.Parkes had recommended underpinning the present stone wall and adding a kerbing to the drain. This would cost $365. On the motion of Mr.Kelly, seconded by Mr.Lusher, Dr.Parkes' recommendations were endorsed.

As shown in the Secretary's Report, the cost of maintaining the Park at Nielsen Park for the year 70/71 was in the vicinity of $22,000 and of the enclosure $11,000. As the total income for that year was only $20,640, it was considered by the meeting that, at this stage, the Trust could not afford to remove the wire fencing surrounding the enclosure, thereby losing all means of revenue. In the light of this, it was decided that metal-ring fences would be introduced as discussed at the last meeting.

It was resolved that ten steel fireplace units for barbecues on the Bottle and Glass headland be ordered from the National Parks Service. These fireplaces had been recommended by Service officers during an inspection by them with the President and Mr.Yelland during the year.

It was agreed that, as from next meeting in August, all future meetings commence at 10 a.m. instead of 9.30 a.m.

MEETING CLOSED. The meeting closed at 10.55 a.m.

MATTERS ARISING FROM MINUTES. Mr.Barrett reported that:

(i) Mr.Kiernan was in Yaralla Hospital for further medical tests. The Trustees hoped that Mr.Kiernan might have a speedy recovery.

(ii) Mr.Yelland would return from overseas on 4th.September,'71.

CORRESPONDENCE. Letter from National Parks Service, in reply to Trast's order of 19th.July for ten fire units, that no fireplaces are available at present and that tenders are awaited for their manufacture.

GENERAL BUSINESS. Quotation from Mr.Contato for painting sections of woodwork in House, as specified, for the amount of $720 was accepted.

SECRETARY'S REPORT. The Secretary's Report was received and discussed.

FINANCE. (i) Statement showing financial position of the Trust as at close of business on 31/7/71 was discussed and noted.

(ii) On the motion of Mr.Pierce, seconded by Mr.Kelly, accounts paid since July meeting to the value of $1348-44, $1067-47, $1512-73 and $1964-63 as shown on Recoupment Summaries Nos.1,2,3 and 4 were confirmed.

OTHER MATTERS. Mr.Parkes informed the meeting that :

(i) He had inspected the area at the rear of Stables each week;

(ii) there may be enough cobblestones;

(iii) owing to the slope in the ground adjacent to garage, he advised that this area be turfed. It was resolved that the matter be left entirely in the hands of Mr.Parkes.

Mr.Barrett reported that, as he now had the necessary timber on hand, R.Kelly would resume work on architraves this coming week.

CHAIRMAN.....SECRETARY.....

21/9/71

18/9/71

OTHER MATTERS.

To overcome mildew in room used as archives, Mr.Lusher suggested that, as an experiment, the electric light be left on during the day. The Secretary was asked to inspect the room occasionally to see if the desired result was being achieved.

On the motion of Mr.Crouch, seconded by Mr.Kelly, it was resolved that the Vaucluse Kiosk lease be renewed for three years and that the lease ought not to be beyond Mrs.McCole's lifetime. Should she die during the three years the benefit of the lease should not be extended.

The Secretary informed the meeting that, during the past week, two members of the Bondi Fire Brigade had inspected the area surrounding "Greycliffe", and had informed Mrs.Parmenter at Greycliffe that this area should be cleared as soon as possible, as it was a fire danger to the neighbouring homes and parklands. Mr.Parmenter had reported this matter to Trust's foreman at Nielsen Park. It was agreed that a written report be obtained from the Fire Brigade, and that Mr.Barrett interview Dr.McMichael and, if necessary the Minister for Lands, in an endeavour to obtain finance for this work to be done. Two years had elapsed since the matter was first brought to the notice of the Service and the Minister.

The following subject was discussed:

By letter dated 25/10/68, the Trustees wrote to the Minister for Lands as follows:"If the Government subsidy was substantial enough to compensate the loss of revenue, they would be very happy to demolish the fenced enclosure around the swimming areas, so that visitors might swim without charge, but they believe that the removal of the shark net would provoke very unfavourable and justified public reaction." It was resolved that this matter be reconsidered prior to Nielsen Park being taken out of the control of the Trustees, and the Trustees be afforded an opportunity of re-expressing their views.

On the motion of Mr.Lusher, seconded by Mr.Crouch, it was resolved that wages of the labourers at Nielsen Park and of the gardener-labourers at Vaucluse Park be increased to $59-30 per week. It was also resolved that weekly wage of assistant foreman at Nielsen Park, S.Walker, be increased to $60-60.

If the barbecues were to be demolished, Mr.Miller suggested that notices be erected forbidding all barbecues and quoting the relevant by-law.

(ii) National Parks Service informing Trust of allocation for 1971/72. As the Trustees considered the tone of the letter impertinent, it was moved that, since the directions emanated from the Minister for Lands, Mr.Miller draft a letter in protest to the Minister.
